My Mom and dad helped put soil in the garden boxes. I poked holes and put the seeds in the hole covered it with soil and put water. My favorite part was the compost that had the worms. The garden was special to me because my friends were there to help. Dad and I made a garden at home. We planted tomatoes, jalapenos, and pumpkins. We had a composted soil and that's what we used to plant with. I loved eating the peas and spinach from school that's what inspired me to start my garden at home.
